## SECTION SF 30 - BLOCK 14 CONTINUATION PAGE

FINAL Q&AS

Question 1 a: The now available PPQ form requires the contracting personnel filling out the form to state how the work performed for them is relevant to the GTMO ATO work we're bidding. How are these contracting folks filling out the form to know the scope, magnitude, and complexity of the contract we're bidding to fill in this item 2 of the PPQ form?

**A: The Past Performance Questionnaire (PPQ) will be completed by the offeror's customer. The offeror's customer is to evaluate the offeror's performance on the cited contract. The Past Performance Information (PPI) sheet will be completed by the offeror and submitted as part of their proposal. The Contracting Department will use that information to contact the offeror's customer if the PPQ is not received.**

Question 1 b: This question is not related to the PPQ form at all, but to the information required for the Past Performance proposal and its differing in Section M and the attached Past Performance Information form.

**A: The Past Performance requirement matches the required information in Section M. Note: Please make sure you are looking at the solicitation posted on the 18<sup>th</sup> of September 2015 there was a draft solicitation posted prior to the 18<sup>th</sup> of September date.**

Question 4: We know that utilities must be paid in addition to rental rates for the housing units. Utilities are not factored into the rental rates you posted with the RFP. Please clarify this or this will be grossly underbid as utilities can be as much as three quarters of the rental rate to almost equal to the rental rate!

**A: See Appendix E, 1.2.20.5.1 Utilities cost is billed along with monthly rent and is based on established rates and actual consumption. Please see 1.2.10 for current rates.**

Question 5: The Government answer requires further clarification. The Note at the bottom of page 68 makes mention specifically of Airfield Operations equipment. The answer does not make clear if this equipment can still be leased or if no equipment can be leased at all, but this equipment is now GFE, since the answer excludes it from being contractor provided. We need to know if this Airfield Operations equipment (e.g., Airfield Vacuum Sweeper, Airfield Follow-Me Truck, Airfield Baggage Vehicle) can still be leased or if it is now GFE, since the answer states it is not contractor provided. If we can still lease it from the Government, please provide the rates!

**A: Public Works will no longer lease the equipment.**

Question 9: We understand that the Government does not require the contractor to carry ATC insurance, but know that the current incumbent has it. Should the Government, in the interest of safety and fair bidding, not at least mention that it's in the contractor's best interest to carry this insurance?

**A: ATC insurance is not required.**

Question 17: Mention is made only of NACI requirement, but the PWS (3.5.3, 3.5.5) clearly requires NACLC. Please clarify what specifically is required!

**A: Please see pg 161 of solicitation clause 5252.204-9400 paragraph Access to DOD IT Systems (NACLC), and pg 162 paragraph Background Investigation Requirement and Security Approval Process for Contractors Assigned to or Performing Non-Sensitive duties (NACI).**
